REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed subject matter in claims 1-45 is allowable because the arts of record fail to teach or fairly suggest the claimed "claimed "method and apparatus for receiving signal comprising (see figure 20): transforming within a ***single processing chain*** (see elements 2018-2022) the multiplexed signal (see output 2016 from the orthogonal multiplexer) into a plurality of separate signals (see output signal from the single processing chain 2018-2022 and demultiplexed by the demultiplexor 2024), wherein each of the plurality of separate signals corresponds to one of the replicas signal; and in combination with the plurality of antennas (see antennas 2002-2008) for reserving the replica signal and the orthogonal multiplexer as in claims 1, 14, 23 and 29."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
